Your First Call For  
LAND DEVELOPMENT &  
MUNICIPAL INFRASTRUCTURE  
Engineering Solutions

*“Outstanding services were provided by MH staff on recent projects. The team is taking ownership of their work, providing useful recommendations and high quality of work. Bravo!”*

**- Municipal Client**

# Why choose Morrison Hershfield?

**OUR CLIENTS BENEFIT** from a well-organized nimble team with local presence backed by over 1000 staff in 26 offices across North America and beyond; ensuring your project is delivered according to your vision, schedule and requirements.

- ▶ **CLIENT-FOCUSED** - Over 90% of our business comes from repeat clients. Our goal is to provide an unmatched client experience, and we are proud to maintain an “excellent” client satisfaction rating.
- ▶ **INFORMED** - Our understanding of municipal strategies and issues reduces the risks associated with the approval and permitting processes while minimizing potential negative impacts to project schedule.
- ▶ **RESPONSIVE** - With over 1000 employees across North America, we have the resources to help you anytime, anywhere.
- ▶ **INVESTED** - Our employee-owned business culture allows us to attract and retain people who are invested in the success of our clients' projects.
- ▶ **INNOVATIVE** - Our award-winning solutions are provided by subject matter experts who work on some of the biggest and most complex projects in North America and internationally.
- ▶ **ONE STOP SHOP** - Optimize your projects early on by bundling our multidisciplinary engineering services to save you time and money.
- ▶ **ONE SIZE DOES NOT FIT ALL** - Our team of technical experts helps communities find the right solution to their unique challenges. Predefined solutions do not drive our work.

**Make us your first call.**

# BMO STADIUM EXPANSION

Toronto, ON

**\$150M**  
TOTAL PROJECT  
COST

**2-YEAR**  
RENOVATION

**40,000+**  
SEAT STADIUM

**CIVIL ENGINEERING  
& LANDSCAPE  
ARCHITECTURE**

This project, undertaken by Maple Leaf Sports and Entertainment, involved the two-year renovation of the BMO Field at a total estimated cost of \$150M. As site engineering consultant to the Prime Architect, our role included water and sanitary sewer services, drainage and re-grading, utility coordination and landscape architecture for site plan approval, building permit and construction. The result of excellent collaboration is a globally recognized, landmark project.

# POINT TROTTER INDUSTRIAL PARK

Calgary, AB

**TWO-PHASE**  
LAND DEVELOPMENT

**\$81M+**  
PROJECT VALUE

**300**  
ACRES

**PRIME**  
CONSULTANT

As the prime engineering consultant for this 300-acre, 200 lot, two-phase land development, Morrison Hershfield designed all infrastructure including road network, earthworks, deep utilities and landscaping. Major design components included a legal survey, stormwater management, stripping and grading strategy and electrical distribution and transmission main relocation. Morrison Hershfield offered value-added solutions to the client by allowing quick design iterations at minimal cost.

# SITE INVESTIGATION SERVICES FOR NEW ORCHARDS SCHOOL

Ellerslie, AB

**GEOMATICS &  
LAND SURVEYING**

**4.6 HA  
PLOT**

**OPENING  
2020**

**TOPOGRAPHIC  
SURVEY**

Morrison Hershfield was retained on behalf of Edmonton Catholic Schools to perform a site investigation for a new school including a complete topographic survey of the school footprint and surrounding surface features. The survey was supplemented with air photos and contour plans as required, which were made available from the municipal authority and other data vaults such as AltaLIS. The in-house geomatics services were able to improve project efficiency for our client.

# NEW EDMONTON HOSPITAL, SITE ENABLING WORKS

Edmonton, AB

**ALBERTA  
INFRASTRUCTURE**

**320  
ACRE SITE**

**350-500  
BED HOSPITAL**

**SITE ENABLING  
WORKS**

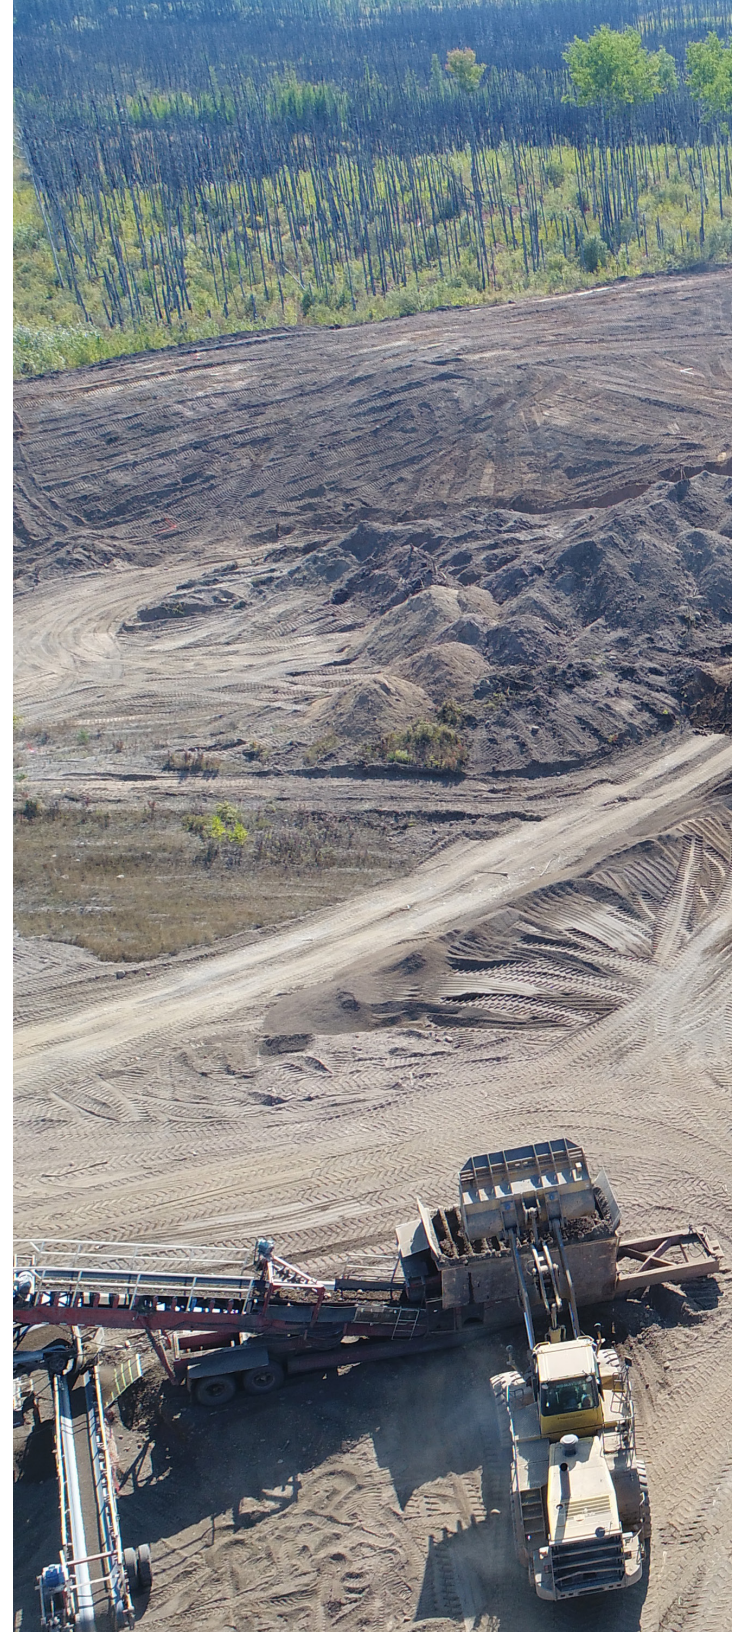

This site will be the home of Alberta's newest and largest hospital to date. Morrison Hershfield is providing land development engineering, site grading, storm, sanitary and water servicing, electrical distribution, arterial road design and construction and project management.

# FOUNDED on technical excellence and ethics.

**OUR RICH HISTORY** of diverse projects provide exposure to emerging trends in process and design technologies spanning different industry sectors, keeping us ahead of the curve. We regularly adapt and integrate these technologies into solutions for our clients. **Our passion to design and build our projects right the first time is recognized throughout the industry and in our communities.**

▲ Platinum Elite Status: A key player in ReNew Canada's list of top 100 Infrastructure Projects for Canada in 2019 with involvement in 29 of the 100 biggest public sector infrastructure projects under development in the Country.
